**TESTIMONIALS**

**NATALIA BENSON - ASTROLOGER & SPIRITUAL BUSINESS COACH**

"I invited Tori to guide a leadership & embodiment practice with one of my most sacred offerings, a coaching certification & leadership training that I offer called NBCC. The women told me after they moved through just 90 minutes with Tori that it was \*the\* key that unlocked everything we had been working on over the preceding 8 months.

I saw empowerment, clarity & courage burst out of them, whereas before there had been some wavering. Tori walks her talk and speaks with truth, love, passion & conviction that just invites out your next level expression of self. If you are considering having her guide any container or group you are working with, it's a very simple f\*ck yes. Her work and presence is life-changing & enhancing and that's to put it lightly."

**TAYLOR BEARDSAL - ART THERAPIST & YOGA CALM YOUTH INSTRUCTOR**

I participated in Tori's "Coming Home to your Soul's Purpose" workshop at Virtual Kulabunga, and it was an expansive experience. After a full day of engagement, I was a bit lower on energy and feeling a bit drained, however when Tori began - her energy and presence was immediately enlivening. Her ability to connect and unveil childhood wounds and our behavioral tendencies and how they might be holding us back, coupled with reframes and reclaims of using those challenges as strengths was powerful.

I believe it was Rumi who said "the wound is where the light enters you" - and that is what I was feeling when Tori was breaking these components down - that our pain and our challenges can be openings for light and greatness. Tori's session resonated deeply and has stayed with me as I navigate my relationships, business, and relate to myself.
